A MESSAGE FROM THE GRAND KNIGHT

**Officers are needed for the
upcoming 2018-2019 fraternal year.**

If you are interested in taking a more active role in the council but are unsure of the duties and time requirements, contact any of the current officers with your questions; any of them will be happy to speak with you.

We also are still in need of a new meeting place.

"Research has shown that people who volunteer often live longer."

Prolife Corner

In memory of Matt, we will be revisiting some of his past posts.

(1999) Just recently a law professor from Stanford University and a University of Chicago economics professor informed the world that the reason for recent crime figures being down were attributed to legalized abortion. The abortion related reduction in crime is predominately attributable to a decrease in crime per capita among the young (criminals). These writers know that minorities comprise the highest numbers of abortions by percentage. It definitely has racial tones and the eugenics theory that Margaret Sanger, the founder of Planned Parenthood promoted as the organization still does.

The hardest part of any friendship is when it's time to say goodbye. As much as we might like things to stay the same, change is an inevitable part of life. There are many tools available with which we can communicate, but even without these tools there is a secret that only real friends know, and it is this; all the mountains and valleys in the world cannot separate friends whose hearts are as one. Our building may be gone but the friendships we have cultivated over the decades will live on.

Goodbye 722 East Union Street.

We thank you for sheltering us for all these years.

REST IN PEACE
